Re: Review of Installed Attachments
Casteneda Residence Solar Installation
284 Perry Road
Harnet County, North Carolina
Solar Tyme Job No.: 821182
Balzer Project No.: 57190117.00

Ms. Perez:

This letter is provided upon request to confirm whether the solar panel attachments were installed in accordance with the structural stipulations provided by Balzer in the approved drawings dated May 3, 2019. The drawings state that the rail support clips be anchored to the supporting roof rafters with lag screws. It appears that the bases have been installed per structural requirements and are approved by the undersigned structural engineer.

Respectfully Submitted,
BALZER AND ASSOCIATES, INC.

Randall W. Tritt, P.E.
Structural Engineer
