Stephanie McKinney

Congratulations!

Enclosed is a copy of your Interconnection Request Granting Contingent Approval to install your facility. While the generating facility is being installed, you will be notified as to whether the application is complete or incomplete. If the application is incomplete, you will receive a list detailing the information needed to complete the application process.

Once the system is installed, you may log in to the Customer Portal and fill out the Certificate of Completion. Once this has been completed and the county inspection has been received, the Renewable Service Center will review and validate the Certificate of Completion.

We appreciate the opportunity to provide excellent customer service to you. Feel free to contact us at 866-233-2290 with any questions or concerns.

Thank you,

Duke Energy Carolinas/Progress
