THE ENERGY PRODUCTION PROJECTIONS THAT ARE INCLUDED IN THE PROJECTIONS ARE BASED, IN PART, ON FACTORS THAT ARE INHERENTLY VARIABLE, LIKE WEATHER CONDITIONS. SIMILARLY, THE ESTIMATES OF BUYER'S PROJECTED ENERGY CONSUMPTION AND COST SAVINGS THAT ARE INCLUDED IN THE PROJECTIONS ARE ALSO BASED ON FACTORS WHICH ARE INHERENTLY VARIABLE AND BEYOND THE CONTROL OF CONTRACTOR, LIKE BUYER'S USAGE AND THE APPLICABLE MARKET COST OF ENERGY. EVEN SMALL VARIATIONS IN BUYER'S USAGE AND MINOR CHANGES IN ENERGY UNIT COSTS FROM BUYER'S APPLICABLE ENERGY PROVIDER WILL IMPACT BUYER'S ENERGY COST SAVINGS. AS A RESULT, THOUGH CONTRACTOR MAKES AN EFFORT TO REASONABLY PROJECT

BOTH ENERGY PRODUCTION AND AN ESTIMATE OF ENERGY COST SAVINGS IN REGARD TO BUYER'S NEW SYSTEM, THE AMOUNTS PROVIDED FOR ENERGY PRODUCTION, USAGE AND SAVINGS ARE ILLUSTRATIVE AND HYPOTHETICAL ONLY AND ARE NOT, AND SHALL NOT BE IN ANY WAY INTERPRETED TO BE, GUARANTEES, REPRESENTATIONS OR WARRANTIES OF ANY KIND, SHAPE OR FASHION. CONTRACTOR EXPRESSLY DISCLAIMS ANY SUCH PROMISE, REPRESENTATION, WARRANTY OR GUARANTEE (WHETHER ORAL, WRITTEN OR OTHERWISE). ULTIMATELY, THE ENERGY PRODUCTION, CONSUMPTION AND SAVINGS WITH RESPECT TO ANY GIVEN SYSTEM MAY VARY MATERIALLY FROM THOSE SET FORTH IN THE PROJECTIONS BASED, IN PART, WITHOUT LIMITATION, ON VARIOUS FACTORS THAT ARE INHERENTLY VARIABLE, LIKE WEATHER CONDITIONS, MAN-MADE OBSTRUCTIONS, NATURAL OBSTRUCTIONS (LIKE TREES AND OTHER SHADING ISSUES), AND OTHER FORCES OUTSIDE OF CONTRACTOR'S CONTROL. BUYER IS FURTHER ADVISED THAT TREES AND/OR OTHER OBJECTS CAUSING ANY SHADING ISSUES THAT ARE ADVERSE TO THE PROPER CONTRACTOR RECOMMENDED OPERATION OF BUYER'S SYSTEM MAY NEED TO BE REMOVED BY BUYER AT BUYER'S SOLE COST AND EXPENSE. TERMS AND CONDITIONS

1. General Provisions

Upon verbal or written notice from Buyer to proceed, Contractor shall commence work on the Project and shall continue diligently in its performance to completion. Contractor will perform all work in a professional and workmanlike manner and in compliance with applicable building codes and other applicable laws.

At Contractor's sole discretion, Contractor may employ or engage subcontractors including roofers or electricians to perform specialized portions of the Project as required. To the extent required under applicable law, Contractor will provide Buyer with information, such as names, addresses and telephone numbers, of any subcontractors engaged or employed to perform any work on the Project.

To the extent required by applicable law, all work on the Project shall be performed by individuals duly licensed and authorized by applicable law to perform said work on the Project.

Contractor shall comply with all local requirements for building permits, inspections and zoning, and shall be responsible for applying for and obtaining any building permits, licenses, interconnection applications or other regulatory approvals required for the completion of the Project. Buyer warrants and represents to Contractor that Buyer is the sole legal owner of the Property, and that he/she/they have the authority to enter into this Agreement.

2. Scheduling; Buyer Cooperation

Contractor will commence work on the Project ("Project Work") as soon as practical after the date on which this Agreement is executed. "Project Work" is defined as any work necessary to prepare for construction of the Project, including submitting any applicable documents to the utility or rebate authority for the Project, preparing documents necessary for a building permit for the Project, or ordering materials for the Project. Contractor will diligently pursue all aspects of preparation and construction of the Project until Substantial Completion of Installation is complete, and Buyer hereby agrees and acknowledges that the period of time for Substantial Completion of the Project shall vary with the complexity, scope, and size of the Project.

Contractor is not responsible for any delays that are outside of the control of the Contractor, including, without limitation, delays caused by government agencies in approving rebates, building jurisdictions in approving building permits, or by utility companies in approving interconnection applications.

Buyer acknowledges and agrees that Buyer shall timely cooperate with Contractor in connection with the Project Work and the performance of Contractor's obligations under this Agreement (whether before, during or after the installation of the System), including, but not limited to, providing any documents or other information reasonably requested by Contractor in Buyer's possession, custody or control relating to the System and/or the Project and any claims, deficiencies or defects Buyer alleges with respect thereto (such as, by way of example only, and without limitation, up to 12 months of Buyer's utility bills in order for Contractor to adequately analyze post-installation consumption, savings and Buyer-alleged claims, deficiencies or defects in the System).

3. Payment Terms

All payments are due and payable immediately upon presentation of the invoice relevant to the associated Project milestone as detailed in the Payment Schedule. A failure by Buyer to make payment to Contractor for a period in excess of ten (10) days from the due date of the payment shall be deemed a material breach of this Agreement by Buyer. Buyer shall be given a ten (10) day period after written notice of any such payment default to cure any such payment default. Buyer authorizes Contractor to apply (and to the extent applicable, charge) any amount(s) due and owing under this Agreement to the applicable payment method designated and/or provided by Buyer (*i.e.*, credit card, check, debit card or other form of payment delivered by Buyer and accepted by Contractor).

If Buyer fails to cure the payment default **within ten (10) days** of written notice, Buyer will pay to Contractor interest on all amounts due in the amount of the *lesser* of (i) **eighteen percent (18%) per annum**, or (ii) **the maximum rate allowed by applicable law**, plus, to the extent not otherwise prohibited by applicable law, reasonable attorneys' fees and/or collection charges incurred by Contractor in connection with the collection of such non-payment by Buyer. If Buyer fails to make any payment within thirty (30) calendar days of notice of default, the full Total Contract Price will become immediately due and payable without further demand from Contractor, and no further work on the Project will be undertaken by Contractor unless and until any such unpaid amount is paid in full. Acceptance of a payment after a Buyer default shall not be deemed a waiver by Contractor of any action or right it may have by reason of such default. In the event of default, Contractor may also pursue remedies available under Sections 4 and 9 below. Title of the System does not transfer to Buyer until payment in full of the Total Contract Price for the System is paid to, and received by, Contractor.

Buyer shall be responsible for paying any applicable sales, use, excise, value added, withholding or similar taxes, duties or assessments imposed in connection with this Agreement for the products (including without limitation, all of the equipment and components of the System) and services provided hereunder by any federal, state, local or foreign government authority, exclusive of any taxes based upon Contractor's income or payroll.

4. Security Interest

Buyer grants to Contractor a continuing security interest in the entire System and in all of the equipment and components of the System installed at the Project including, but not limited to, all equipment identified herein and any additional items installed. In the event Buyer

defaults on the payment of any amounts associated with this installation or repayment of any amounts advanced by Contractor for the benefit of Buyer and such default is not cured in full within ten (10) days of written notice of default from Contractor, Contractor may, in addition to its remedies set forth in Section 3 above and to the extent permitted by applicable law, remove the entire System, including without limitation, any and all equipment and components covered by the security interest granted by Buyer to Contractor under this Agreement. Contractor shall be permitted to file, and is hereby authorized to file without further notice, a Form UCC-1 financing statement in the real estate records of the jurisdiction in which the Project is located. Upon payment in full of the Total Contract Price, the security interest provided for in this Section shall terminate and Contractor shall take all steps necessary to terminate any such Form UCC-1 financing statement filed by Contractor.

5. Rebate Approval

Buyer assumes sole responsibility for all rebates, tax credits, power rate negotiations and all other matters outside the installation of the System. Buyer may authorize Contractor (either verbally or in writing) to proceed with installation prior to rebate approval, but Contractor does not guarantee Buyer's eligibility for, or the actual dollar amount of, any such rebate. In the event that (a) Buyer requests that Contractor commence work on the Project prior to receiving actual notice of rebate approval from the applicable Incentive Authority to which Buyer has applied for a rebate, and (b) Contractor actually commences work on the Project, and (c) the applicable Incentive Authority subsequently determines that Buyer may not be eligible for a rebate or that the rebate is less than the initial estimated rebate amount, then Buyer agrees to pay (at a minimum) all out-of-pocket costs for both labor and materials incurred by Contractor up to the date of such notice. Any rebates for the installation of the System are estimates only and may change without notice. Moreover, Buyer hereby acknowledges and agrees that there is no guarantee that Buyer will receive any specific rebate or credit figure because taxing entities occasionally adjust the rebate or credit amounts. If an adjustment is greater than \$50, Buyer will either be charged or refunded the appropriate amount. Additionally, rebate amounts may be periodically adjusted down as incentive programs reach preset milestones. Therefore, any amount Buyer may receive is based upon the rebate level at the time that Buyer's request is accepted, not at the time that this Agreement is signed.

6. Change Orders

The material, quantities, and amounts listed in this Agreement are Contractor's good faith estimates of the Project cost based on all factors known to Contractor at the time of such estimate. Changes to the original Project scope of work may become necessary after work on the Project has been commenced (and each such change shall be referred to as a "Change Order" and, collectively, the "Change Orders"). For purposes of this Agreement, a Change Order may occur for one of three reasons:

- a. Unavailability of quoted materials;
- b. Contractor discovers something previously unknown that must be corrected to properly complete the Project; and/or
- c. Buyer request changes to the Project after construction of the Project has already proceeded.

Contractor has the right to substitute similar, functionally equivalent materials should the originally quoted materials not be available.

Contractor may initiate a Change Order when circumstances exist or are discovered that require additional work to be done to complete the Project properly. Such circumstances may include, without limitation, the need to modify existing wiring, reinforce rafters or support joists, repair existing roofing, or any such task that may be required to successfully build the Project and assure that it conforms to local building codes. In certain circumstances, the permitting jurisdiction or other organizations (such as an HOA) may require additional engineering work beyond the scope of a typical installation be performed. Examples of this include, without limitation, requirements for a structural analysis of the building that will be holding the Systems' roof-mounted solar array; or soil analysis, environmental impact reports or archeological studies for ground mounted solar arrays. If Contractor determines that these costs will exceed \$1,000 (or such lesser amount that may be required by applicable law), Contractor will stop permitting work to discuss the additional costs with Buyer. If Buyer agrees to the additional costs they will be incorporated into this Agreement via a signed Change Order. If Buyer does not agree, the Project will be terminated.

Buyer may initiate a Change Order when requesting changes to the Project following start of construction that require additional work to be done. Such circumstance could include requests to move the Systems' solar array from one roof to another, requests to install equipment different than as illustrated on the approved building plans, requests to remove or relocate existing fixtures such as antennas, or any additional work or task outside the original Project scope of work.

Should Change Orders become necessary for the proper completion of the Project, regardless of whether they are initiated by Contractor or Buyer, any materials, quantities, and amounts listed in the Project scope of work are subject to revision, and the Total Contract Price may increase or decrease accordingly. The Change Order will describe the scope of the extra work or change, the cost to be added or subtracted from the Total Contract Price, and the effect the Change Order will have on the schedule of progress payments and estimated date of Substantial Completion of Installation.

Change Orders become part of this Agreement once the Charge Order is prepared in writing and signed and delivered by both Contractor and Buyer prior to the commencement of any work covered by the Change Order. Buyer may not require Contractor to perform extra work without written authorization. A Change Order is not enforceable against Buyer unless the Change Order complies with this provision. However, Contractor's failure to execute and deliver a Change Order shall not preclude Contractor's recovery based on legal or equitable remedies designed to prevent unjust enrichment.

Notwithstanding the requirement under this Agreement that all Change Orders be in writing, if there are any contemplated changes to the Project requested by Buyer or required by Contractor for the successful installation of the Project and which contemplated changes Contractor discusses with Buyer and to which contemplated changes Buyer gives Contractor its verbal assent, such verbal assent by Buyer to such contemplated changes will have the same legality and full force and effect as a written Change Order once Contractor has commenced performance of any construction in any of the Change Orders that were so discussed verbally between Contractor and Buyer. Contractor and Buyer shall negotiate any Change Order and associated additional costs in good faith. Buyer shall be bound by any changes or alterations requested by Buyer to this Agreement or to plans for the Project, whether given verbally or in writing. Contractor shall be entitled to reasonable overhead and profit on any Change Order requested or required. Any required Change Orders, including extra labor and/or additional materials, may be incorporated herein without invalidating this Agreement. Buyer will pay to Contractor any net increase to the Total Contract Price within ten (10) days of request or billing by Contractor for any such Change Order.

If Contractor and Buyer cannot agree on the compensation or time extensions for any such Change Order, Contractor may at its discretion nevertheless proceed with such extra work and materials as may be required to successfully complete the Project. In the event of such disagreement, Contractor and Buyer agree to submit the question or entitlement or amount of compensation and/or extensions of time, to arbitration pursuant to this Agreement and Exhibit E attached hereto.

7. Warranty

Contractor warrants to Buyer that all of Contractor's work under this Agreement will be:

- a. performed in accordance with the requirements of this Agreement and any required governmental inspections, tests, or approvals; and
- b. be free from material faults and defects in workmanship ("Defects") for a period of five (5) years after the date of completion of the Project.

Contractor warrants that all materials used for the Project will be new, unless otherwise specified, and of good quality. All materials will be installed, connected, and applied in accordance with the instructions and specifications of the applicable manufacturer or supplier. Buyer should note that manufacturers of various materials separately warrant their own products, including solar photovoltaic modules, battery backups, inverters, and solar mounting racks, and Contractor is not responsible for or obligated under any such manufacturer warranties. For additional information, restrictions and exclusions regarding (1) the SolarEdge Manufacturer Inverter Warranty (including the optional 25 year extended warranty), please visit <https://www.solaredge.com/sites/default/files/solaredge-warranty-april-2019.pdf> and https://www.solaredge.com/sites/default/files/ONLINE_HomeownerExtendedWarranty.pdf; and (2) the Generac Manufacturer Limited Warranty, please visit <https://www.generac.com/service-support/product-support-lookup/product-support-details?productid=aa180473-602e-4494-b195-d35dd49feee5&isBaseModel=false> and <https://soa.generac.com/manuals/X7602-08749/A0000416920>. Contractor will assign any manufacturer warranties upon completion of the Project and payment in full by Buyer. No other warranties are provided by Contractor except as specifically set forth in this Agreement.

The warranty provided by Contractor to Buyer above does not cover (and expressly excludes) Defects related to or caused by any of the following (as determined in Contractor's reasonable discretion): (a) any modifications to or abuse of the Project or the System by Buyer or persons other than Contractor; (b) trees, new buildings, or other array obstructions which are installed, grow beyond the point of the original array install, or otherwise change after installation of the System; (c) improper use, installation, wiring, handling, removal, storage, maintenance, or cleaning of the System; (d) damage from abuse, alteration, or vandalism, or due to plants, insects, or animals; (e) damage from external stress, impact, foreign objects, or falling rocks or debris; (f) damage or corrosion caused by roofing materials, chemicals, or substrates, including those used for corrosion resistance, thermal expansion and contraction, and moisture barriers and sealing; (g) power or voltage surges or damage caused by the electrical grid for shore power connected products; (h) natural disasters, earthquakes, fires, typhoons, tornadoes, hurricanes, volcanic activity, volcanic clouds, dust storms, dust clouds, floods, tsunamis, lightning, or other acts of God, or other events that are beyond the reasonable control of Contractor; (i) acts of terrorism, criminal acts, riots, wars, civil unrest, nuclear radiation, or manmade disasters; and/or (j) damages attributable to normal weathering or defects or damages caused by vapors or chemical pollutants or air pollution, building settlement or structural failure of roof, walls, foundations or any part of the attached structure, or any other causes beyond Contractor's control. Except for Defects covered by the warranty set forth herein, all maintenance obligations for the System upon acceptance of the System by Buyer shall be the responsibility of Buyer.

Buyer agrees to give prompt notice of any and all Defects to Contractor in writing, and in no event shall Buyer provide such written notice to Contractor later than three (3) business days after Buyer observes or otherwise becomes aware of any such Defect. Within twenty (20) days from receipt of such notice of Defect by Contractor, Contractor shall have the right to inspect the System and the Project and review any claims by Buyer for warranty work. Warranty work, if necessary, will generally be completed within sixty (60) days of written request by Buyer and subsequent agreement by Contractor that such work is required.

EXCEPT AS PROVIDED IN THIS SECTION 7, CONTRACTOR MAKES NO OTHER REPRESENTATION OR WARRANTY OF ANY KIND, WHETHER EXPRESS OR IMPLIED, FROM A COURSE OF PERFORMANCE OR DEALING OR TRADE USAGE, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE LIMITED WARRANTIES SET FORTH HEREIN ARE MADE FOR THE BENEFIT OF BUYER ONLY AND NOT FOR THE BENEFIT OF ANY THIRD PARTY.

8. Limitation of Liability

If Contractor shall become liable to Buyer for any matter relating to or arising out of this Agreement or their relationship in connection with Contractor’s performance under this Agreement, whether based upon a claim in contract, equity, negligence or otherwise, the amount of damages recoverable against Contactor for any and all events, acts or omissions shall not exceed in the aggregate the actual fees paid to Contactor under this Agreement. Except to the extent otherwise prohibited by applicable law, Contactor shall not be responsible or liable with respect to any subject matter of this Agreement (including with respect to the Project or the System) or the terms and conditions related thereto under any negligence, contract, strict liability or other theory for any special, indirect, incidental, exemplary, punitive or consequential damages, even if Contractor has been advised of the possibility of such damages. Contractor shall not be responsible for any matter beyond its reasonable control or any force majeure event (as described in Section 11 hereof). Buyer's exclusive remedy under this Agreement shall be (at Contractor's discretion), (a) the correction of any material Defects in the Project, (b) the full refund of Buyer's fees paid hereunder, or (c) any other remedy required by applicable law.

9. Termination

Either party may terminate this Agreement for breach of a material term of this Agreement (including non-payment of fees), upon giving the other party written notice identifying the alleged breach, provided the breaching party does not cure such breach within thirty (30) days of receipt of such notice. Termination of this Agreement shall not relieve Buyer of its accrued payment obligations as of the date of termination. In addition, should the Project be stopped by any public authority for a period of thirty (30) days or more, through no fault of Contractor, or should the Project be stopped through act of neglect of Buyer for a period of thirty (30) days or more, or should Buyer fail to pay Contractor upon ten (10) days after written notice of default, then Contractor may, upon ten (10) days written notice to Buyer, stop work or terminate this Agreement, and recover from Buyer reimbursement for all costs and expenses incurred by Contractor prior to the date of work stoppage.

10. Assignment

This Agreement cannot be assigned by Buyer without the prior written consent of Contractor. Contractor may assign this Agreement, in whole or in part, with or without notice to Buyer (except to the extent required under applicable law) to a successor of Contractor or purchaser of all of Contractor's equity securities or all or substantially all of its assets.

11. Force Majeure

Contractor shall not be liable for any delays in completion of the Project caused by: (i) governmental restrictions on manufacture, sale, distribution, and/or use of necessary materials; (ii) Contractor's inability to obtain necessary materials or perform the work contemplated herein because of strikes, lockouts, fires, floods, earthquakes, epidemics, pandemics or other acts of God, military operations and requirements, national emergencies, etc.; or (iii) any other acts or omissions beyond Contractor's reasonable control, provided, however, delays caused by the foregoing events do not constitute abandonment and are not included in calculating timeframes for payment or performance under this Agreement.

12. Three Day Right to Cancel

Buyer has the right to cancel this Agreement within three (3) business days of the full execution of this Agreement. Buyer may cancel by emailing, mailing, faxing, or delivering a written Notice of Cancellation in substantially the form attached as Exhibit D hereto, or a reasonable facsimile thereof, to Contractor at Contractor’s place of business by midnight of the third business day after the date the last signature necessary has been affixed to this Agreement, which notice shall include Buyer’s name, Buyer’s address, and the date Buyer received the signed copy of this Agreement.

If Buyer cancels, Contractor shall return to Buyer any payment paid to Contractor by Buyer paid within 10 business days of receiving the Notice of Cancellation. For Buyer’s part, Buyer must make available to Contractor at Buyer’s residence, in substantially as good condition as Buyer received it, any goods delivered to Buyer under this Agreement, or, Buyer may, if Buyer’s wishes, comply with Contractor’s instruction on how to return the goods at Contractor’s expense and risk.

If Buyer does make the goods available to Contractor and Contractor does not pick them up within 20 days of the date of Buyer’s Notice of Cancellation, Buyer may keep them without any further obligation. If Buyer fails to make the goods available to Contractor, or if Buyer agrees to return the goods to Contractor and fails to do so, then Buyer remains liable for performance of all obligations under this Agreement.

If Buyer cancels this Agreement following the three (3) day right to cancel period, then, except as otherwise prohibited by applicable law, Buyer will be liable for all costs incurred by Contractor up to and including the date of cancellation, including any building permit fees advanced by Contractor, any paperwork processing costs for applying for rebates or other approvals, and any costs for ordered but unused materials. Any initial payment paid by Buyer under this Agreement towards the Total Contract Price will be applied to any such out-of-pocket costs of Contractor, whether or not the Project has been started.

14. Governing Laws

The interpretation and construction of this Agreement, and all matters related to this Agreement, shall be governed by the laws of the State where the Project and Property are located (without giving effect to any conflict of law provisions thereof).

15. Severability

If any provision of this Agreement shall be invalid, illegal or unenforceable in any jurisdiction, such invalidity, illegality or unenforceability shall not affect the validity or enforceability of the remainder of this Agreement in that jurisdiction or the validity or enforceability of any provision of this Agreement in any other jurisdiction.

Exhibit C: Mechanics Lien Warning

Anyone who helps improve your property, but who is not paid, may, depending on the laws of the jurisdiction the property is located, record what is called a mechanic's lien on your property. A mechanics' lien is a claim, like a mortgage or home equity loan, made against your property and recorded in the county where the property is located.

Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve you property may record mechanics' liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit.

To protect yourself, have the contractor provide you with documentation showing that your equipment and labor on your job have been paid in full.

For Michigan Residents only: A residential builder or a residential maintenance and alteration contractor is required to be licensed under article 24 of the occupational code, 1980 PA 299, MCL 339.2401 to 339.2412. An electrician is required to be licensed under article 7 of the skilled trades regulation act, MCL 339.5701 to 339.5739. A plumbing contractor is required to be licensed under article 11 of the skilled trades regulation act, MCL 339.6101 to 339.6133. A mechanical contractor is required to be licensed under article 8 of the skilled trades regulation act, MCL 339.5801 to 339.5819. Contractor is licensed in the State of Michigan and Contractor's license number is Residential Builder #2102214053.

For Missouri Residents only: FAILURE OF THIS CONTRACTOR TO PAY THOSE PERSONS SUPPLYING MATERIAL OR SERVICES TO COMPLETE THIS CONTRACT CAN RESULT IN THE FILING OF A MECHANIC'S LIEN ON THE PROPERTY WHICH IS THE SUBJECT OF THIS CONTRACT PURSUANT TO CHAPTER 429, RSMO. TO AVOID THIS RESULT YOU MAY ASK THIS CONTRACTOR FOR "LIEN WAIVERS" FROM ALL PERSONS SUPPLYING MATERIAL OR SERVICES FOR THE WORK DESCRIBED IN THIS CONTRACT. FAILURE TO SECURE LIEN WAIVERS MAY RESULT IN YOUR PAYING FOR LABOR AND MATERIAL TWICE.

For Wisconsin Residents only: As required by the Wisconsin construction lien law, claimant hereby notifies owner that persons or companies performing, furnishing, or procuring labor, services, materials, plans, or specifications for the construction on owner's land may have lien rights on owner's land and buildings if not paid. Those entitled to lien rights, in addition to the undersigned claimant, are those who contract directly with the owner or those who give the owner notice within 60 days after they first perform, furnish, or procure labor, services, materials, plans or specifications for the construction. Accordingly, owner probably will receive notices from those who perform, furnish, or procure labor, services, materials, plans, or specifications for the construction, and should give a copy of each notice received to the mortgage lender, if any. Claimant agrees to cooperate with the owner and the owner's lender, if any, to see that all potential lien claimants are duly paid.

Back-Up Power Battery System Acknowledgment

Back-Up Power Battery System Information

The Generac Power Systems, Inc. (“Generac”) back-up power battery system, provided through Power Home Solar, LLC (“PowerHome”), provides (among other features) a battery backup power option capable of delivering emergency back-up power for limited home circuits for a limited time during a power loss event. This Back-Up Power Battery System Acknowledgment is being delivered and executed by Customer in connection with that certain Solar Energy System Purchase & Installation Agreement (the “Agreement”). All capitalized terms used herein, not otherwise defined herein, shall have the meanings ascribed to such terms in the Agreement.

Instructions for Proper Care and Use of Your Battery

Please follow the more detailed instructions included with the Generac back-up power battery system for proper use, storage and care of the entire Generac back-up power battery system (including, in particular, the battery) to ensure that it will function as needed during a power outage. If you do not store your battery correctly, it may shorten its useful life. Environmental factors such as temperature can also shorten your battery’s useful life.

Customer Acknowledgement

BY SIGNING BELOW, Customer acknowledges receipt of the detailed instructions included with the Generac back-up power battery system, as well as information about the limitations of battery service in the event of a power failure, and has had an opportunity to discuss the back-up power battery system with PowerHome and Generac representatives to Customer’s satisfaction. Customer further understands that:

- the purpose for purchasing the Generac battery system is for emergency back-up power purposes only as to limited home circuits during a short-term power loss event (not for ongoing, long-term, whole home or commercial use);
- without a functional, charged backup power source for all electronic systems, un-powered systems may not function during a power outage (which may include your phone service and ability to dial 9-1-1);
- even with a back-up power battery system, usage time during a power outage may be limited by multiple factors, including the condition of the back-up power battery system and its battery at the time of the outage;
- the back-up power battery system is limited to 2-3 key circuits only; and
- conserving energy during emergency situations where back-up battery is in use is critical to extending coverage time for the back-up power battery system.

Please select from among the following those Dedicated Loads to be powered during grid failure and/or other power loss event for so long as power remains available in the back-up power battery system: (2-3 Only). Customer may discuss alternative configurations of the 2-3 Dedicated Loads upon installation

- Refrigerator
- Electric Cook-Top
- Microwave
- Limited Lighting
- Limited Receptacles
- ½ HP Sump-Pump

- ⌘ Livable Space (*i.e.*, living room / home-office)
- Other N/A

FOR MICHIGAN DTE ENERGY CUSTOMERS ONLY: In addition to the other acknowledgements set forth herein, if Customer is a Michigan resident and DTE Energy customer, then Customer further understands that if Customer's electrical services is less than 200 amps the battery system will *not* supply power to Customer's residence during a grid failure and/or power loss event, however, the battery system will be set up for maximizing self-consumption. Alternatively, if Customer's electrical services do support 200 amps, then the battery system *should* (without any express or implied guarantee, and subject to the other limitations above) be able to store power from the System and *should* (without express or implied guarantee, and subject to the other limitations above) provide Customer with the ability to serve Dedicated Loads during a grid failure and/or a power loss event. In the event Customer is a Michigan resident and DTE Energy Customer and wishes to upgrade Customer's electrical services to 200 amps, at its own cost and utilizing Customer's own contractors, in order to maximize the benefits of the battery system, then Customer *must* (i) notify PowerHome within ten (10) days of execution of the Agreement and (ii) perform the upgrade to Customer's electrical services no later than thirty (30) days after execution of the Agreement. If the upgrade to Customer's electrical services is not completed for any reason during the aforementioned thirty (30) day period, then PowerHome reserves the right, in its discretion, to proceed with installation of the System based on Customer's existing electrical services. PowerHome does not make, and hereby expressly disclaims, any promise, warranty, representation or guarantee (whether express or implied, oral or written) with respect to Customer's ability to upgrade Customer's electrical services, the costs associated with upgrading Customer's electrical services, and/or the timeframe necessary to complete any such upgrades to Customer's electrical services. Customer acknowledges and agrees that if Customer chooses to upgrade Customer's electrical services as provided in this paragraph, Customer shall ensure that such upgrades are performed by licensed and insured contractors in accordance with applicable laws. PowerHome assumes no liabilities or responsibilities in connection with upgrades to Customer's electrical services or Customer's decision to proceed (or not to proceed) with such upgrades.

No Warranty Except for Generac Warranty

PowerHome provides no warranty in connection with the Generac battery system (Generac's limited warranty and the terms of that warranty are included with the Generac instructions referred to above (if any)) and PowerHome's warranty as to installation is limited expressly to the limited warranty provided in the Agreement (subject to all limitations provided in the Agreement). Such warranty also does not cover the costs associated with components covered by separate manufacturer's warranties (including Generac's warranty). In the event that the manufacturer of any component is unable or unwilling to honor its product warranty to PowerHome or Customer, then the limited warranty provided by the Agreement will not cover any replacement costs of any such manufacturer's components.

Disclaimer and Limitation on Liability

EXCEPT FOR THE EXPRESS LIMITED WARRANTY SET FORTH IN THE AGREEMENT, POWERHOME EXPRESSLY EXCLUDES ALL WARRANTIES WITH RESPECT TO THE BATTERY SYSTEM, BATTERY AND ITS COMPONENTS (INCLUDING, WITHOUT LIMITATION, WITH RESPECT TO THOSE CARRYING SEPARATE MANUFACTURER WARRANTIES), AND ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT

LIMITATION, THE WARRANTY OF MERCHANTABILITY, THE WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE AND ANY WARRANTIES THAT MAY HAVE ARISEN FROM COURSE OF DEALING OR USAGE OF TRADE, WHATSOEVER.

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, POWERHOME'S AGGREGATE MONETARY LIABILITY TO CUSTOMER (I.E., THE AMOUNT OF DAMAGES RECOVERABLE AGAINST POWERHOME BY CUSTOMER) FOR ANY REASON AND FOR ANY AND ALL MATTERS, EVENTS, ACTIONS, OMISSIONS AND CAUSES OF ACTION RELATING TO OR ARISING OUT OF THE AGREEMENT, WHETHER IN CONTRACT, AT LAW, IN EQUITY, TORT (INCLUDING, WITHOUT LIMITATION, NEGLIGENT ACTS OR OMISSIONS) OR OTHERWISE, **SHALL NOT EXCEED** THE AMOUNT ACTUALLY PAID TO POWERHOME FOR THE WORK PERFORMED ON THE PROJECT.

POWERHOME SHALL NOT BE RESPONSIBLE OR LIABLE IN ANY EVENT UNDER ANY NEGLIGENCE, CONTRACT, STRICT LIABILITY OR OTHER THEORY FOR ANY PUNITIVE, SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES.

POWERHOME SHALL NOT BE RESPONSIBLE FOR ANY MATTER BEYOND ITS REASONABLE CONTROL. CUSTOMER'S EXCLUSIVE REMEDIES UNDER THE AGREEMENT AND/OR IN CONNECTION WITH THE BATTERY SYSTEM SHALL BE (AT POWERHOME'S DISCRETION), (A) THE CORRECTION OF ANY MATERIAL DEFECTS IN THE PROJECT, (B) REFUND OF CUSTOMER'S FEES PAID, OR (C) ANY OTHER REMEDY REQUIRED BY APPLICABLE LAW. THE PARTIES ACKNOWLEDGE THAT THE CONTRACT PRICE DESCRIBED IN THE AGREEMENT IS SUFFICIENT CONSIDERATION FOR THE LIMITATION OF LIABILITY PROVIDED IN CONNECTION WITH THE BATTERY SYSTEM, WITHOUT WHICH POWERHOME WOULD NOT HAVE UNDERTAKEN THE PROJECT.

Nothing in this Back-Up Power Battery System Acknowledgment shall limit PowerHome's rights and remedies, or any of Customer's representations, warranties, covenants, agreements and acknowledgements, as further provided in the Agreement (including, without limitation, as to PowerHome's security interest in the battery system).

This BACK-UP POWER BATTERY SYSTEM ACKNOWLEDGMENT is made by Customer or Customer's duly authorized representative on Customer's behalf and is entered into as of the July 14, 2020 | 7:53 PM EDT, 20 .

**NOTICE AND ACKNOWLEDGEMENT FOR MICHIGAN CUSTOMERS
(DTE Energy Customers Only)**

This Notice and Acknowledgement for Michigan Customers (DTE Energy Customers Only) (this “Notice”) is being delivered and executed by Buyer in connection with that certain Solar Energy System Purchase & Installation Agreement (the “Agreement”). All capitalized terms used herein, not otherwise defined herein, shall have the meanings ascribed to such terms in the Agreement.

Due to changes adopted by the Michigan Public Service Commission relating to DTE Energy customers, residential customers of DTE Energy will receive an outflow credit of 7.477 cents/kWh for the first 17 kWh/day, and an excess outflow credit of 9.11 cents/kWh. These changes in net-metering rules lower solar energy cost offsetting. As such, if Buyer’s System is not used in real time (*i.e.*, using the energy generated by the System to power Buyer’s residence while it is being generated) and/or Buyer’s System overproduces power, then Buyer will need to take into consideration, among other things, the new outflow credit and excess outflow credit in determining solar energy cost savings (including potential cost offsetting).

Contractor makes an effort to reasonably project energy production and energy savings (including potential offsetting), as well as the appropriate System for Buyer (including, number of solar panels), *however*, due to the changes to net-metering rules discussed herein, and other factors and variables outside of Contractor’s control (including, but not limited to, future changes in regulations, customer’s usage, customer’s overproduction, weather conditions, etc.), Contractor does not make, and hereby expressly disclaims, any promise, warranty, representation or guarantee (whether express or implied, oral or written) with respect to energy production, usage or savings (including cost offsetting) relating to the System.

By signing below, Buyer acknowledges and agrees that Buyer has read and understands this Notice.

Offsets to 100% or Greater

Powerhome Solar and Roofing wants all of our customers to own as much of their power as possible. To that end to make sure that customers who want to own 100% or greater offset value there are certain factors that we want to make sure are understood.

- 1) True Up Month. Utility Companies have what is called a True Up Month. They take away any credits in that month and reset the credit level to Zero. Duke Energy for example does this on May 31st of each year. When coming into the peak summer season there are no credits to offset the high usage and even with 100% offset you could still have an electric bill above the minimum charge of the meter.
- 2) Monthly Meter Charge. Even with credits passing forward or zero utility usage for the month you will still be charged monthly for the meter being installed on your property. Each area and utility company is different. Charges could range from \$13 to \$19 per month.
- 3) Energy Efficiency Package. It is easier to save energy than it is to create it. Having our energy efficiency package installed saves energy. The typical household on average will see a reduction in their monthly usage of up to 25%.
- 4) Increased Usage. If you plan on needing more electrical usage in the near term, i.e. adding swimming pool, electric car purchase etc., we will go over 100% offset if that is what you need.

We welcome you to the solar community and know that you are going to appreciate owning your power. Not only will you receive years of clean energy you are helping our planet and the future generations to come.

Addendum to Solar Energy System Purchase & Installation Agreement

The undersigned, as Buyer under the attached Solar Energy System Purchase & Installation Agreement (the “Agreement”), acknowledges and agrees that full or partial shading can have a negative impact on a solar system’s production and output. Shading is when something, whether a natural or man-made object or obstruction, partially or fully blocks one or more solar panels from catching sunlight. Examples of shading include, without limitation, trees, chimneys, passing of clouds, neighboring buildings and similar man-made or naturally occurring obstructions partially or fully blocking one or more solar panels. Buyer understands and agrees that Buyer is solely responsible for the removal or trimming of any trees or other objects that may impact a solar system’s production and output. Any shading (including the impact thereof on a solar system’s production and output) presented to Buyer in any proposal or other document are based on assumptions, should *not* be relied upon by Buyer and are in no way any guarantee with respect to any current or future shading conditions and/or their impact on a solar system’s production and output. All warranties or representations (whether express or implied) with respect to shading (including the impact thereof on a solar system’s production and output) are expressly disclaimed.

NOTICE AND ACKNOWLEDGEMENT FOR ILLINOIS CUSTOMERS

This Notice and Acknowledgement for Illinois Customers (this “Notice”) is being delivered and executed by Buyer in connection with that certain Solar Energy System Purchase & Installation Agreement (the “Agreement”). All capitalized terms used herein, not otherwise defined herein, shall have the meanings ascribed to such terms in the Agreement.

Illinois currently has a renewable portfolio standard (“RPS”) which requires electricity suppliers to source a percentage of their electricity from solar energy. Solar renewable energy credits (“SREC”) can be purchased by electricity suppliers to fulfill their RPS requirement. The Illinois Adjustable Block Program (the “ABP”) features capacity-based blocks set at pre-determined prices for 15-year SREC contracts. The SREC contract value is based on the facility’s projected energy production and the SREC price for its block category that is open at the time of application. The ABP requires facility owners to apply through SREC contract managers called “Approved Vendors”.

Installation of Buyer’s System *may* (without express or implied guarantee) allow Buyer to participate in the ABP by selling SREC. As such, in order to assist Contractor’s customers (including Buyer) located in the State of Illinois in the sale of SREC in accordance with the ABP, Contractor has established a relationship with SRECTrade, Inc. (“SRECTrade”), which is an Approved Vendor.

Buyer’s participation in the ABP and/or use of SRECTrade as Buyer’s SREC contract manager is *voluntary*, however, if Buyer elects to participate in the ABP by contracting with SRECTrade, Buyer understands, acknowledges and agrees to each of the following: (i) Contractor may receive compensation from SRECTrade in connection with the submission and/or acceptance of a facility application to/from SRECTrade (including in connection with Buyer’s application), (ii) Contractor, as the installer, will submit (and is hereby authorized to submit) certain documents to SRECTrade on Buyer’s behalf, including, the disclosure form and the facility application, and Buyer agrees to hold Contractor and its employees and agents harmless from any errors or omissions arising in connection with the submission of a facility application, (iii) any agreement regarding Buyer’s sale of SREC or participation in the ABP shall be between Buyer and SRECTrade (and Contractor shall not be a party thereto), and Buyer shall look to SRECTrade only with respect to any issues, claims and/or questions concerning the sale of SREC, participation in the ABP or any agreement between Buyer and SRECTrade, (iv) Buyer shall be *solely* responsible for any fees, collateral or other consideration required, due or owing to SRECTrade, (v) in the event of Buyer’s non-selection for the ABP, Buyer shall still be obligated to perform under the Agreement (and shall not be released therefrom, including Buyer’s obligation to pay for the System in full as provided in, and subject to, the Agreement), (vi) Buyer has previously received from Contractor, as part of Buyer’s proposal, a copy of the System design and site plan of the System, and (vii) the *estimated* annual degradation of Buyer’s System is 0.7%.

Contractor does not make, and hereby expressly disclaims, any promise, warranty, representation or guarantee (whether express or implied, oral or written) with respect to the

potential cost offsetting, if any, relating to Buyer's participation in the ABP, the sale of SREC by Buyer (including the potential present or future value such sale may, if at all, realize to Buyer), or SRECTrade.

This Notice supplements the Agreement, and to the extent of any conflict or inconsistency between this Notice and the Agreement, the provisions of this Notice shall prevail and control.

By signing below, Buyer acknowledges and agrees that Buyer has read, understands and agrees to be bound by this Notice.

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Powerhome (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
