November 4, 2020

Subject – Wiring of the addition on the back of the home located at:

Edgar Garcia
748 Johnsonville School Road
Cameron, NC 28326

To whom it may concern:

I visited the site on 11-1-2020 and found the electrical wiring, meeting NEC requirements. The wiring for the addition includes two 120VAC/15AMP and one 240VAC/20AMP branch circuit's fed from the existing exterior panel. If you have any questions or concerns, please contact me.
