Good morning,

We have all the info we need. Please let me know when the project is complete so we can reprogram the meter for solar installation.

Thank You,

Good morning Erin,

Our Small Consumer-Owned Generation Rider is not signed by member and our new updated agreement can be found on the website. Member is now suppose to fill this portion out themselves. It also states that (Only for New Generating Facility) Central EMC Member has completed PVwatts.gov solar calculator and scheduled an appointment at lowcarbon@cemcpower.com to speak with a Central EMC representative to review findings. Here is the link to our webpage <https://www.cemcpower.com/solar-interconnection-agreemen/99/>

Thanks,
