300 FAYETTEVILLE ST., #1430

RALEIGH, NC 27602

Installer: Southern Energy Management
Customer: John Miller
Subject: PV System Post Construction Inspection
Date: 7/13/2021

To whom it may concern:

Model Energy, PLLC performed a site visit on July 11, 2021 at 182 Adrian St, Holly Springs, NC 27540, and has reviewed the installation details of the PV system that was installed by Southern Energy Management. The review was limited to the structural elements involved in the construction.

The structural installation of the PV system was inspected, it shall not create a negative impact on the building's structural design, and is in compliance with the North Carolina Residential Building Code. In addition, the PV system was installed in accordance with the structural documents submitted for permitting and was installed using standard and sound construction practices.

Thank you,

Andrew King, PE
