On behalf of PowerHome Solar, Penn Fusion Engineering LLC (PFE) has observed the installation of the photovoltaic system at the above referenced location. A representative of PFE, under my direct supervision, visited the site on Thursday, January 20, 2022.

This office has verified the following:

1. The PV equipment's structural installation has been designed and inspected.
2. The equipment will not create a negative impact on the building's structural design, including any additional loads imposed (dead, snow, wind).
3. The installation is in compliance with the North Carolina Residential Code.

Best Regards,
