If you still have a copy of the original building app that you signed you can sign your name on the electrical section and I can sell you a permit for the electrical. it will cost \$80.00. I can take a cc/debit card over the phone.

I am also going to need to add electric to this building and wasn't even thinking about it. I am going to add a separate power meter for it. Am I needing to get a permit for that as well or can it be added in to the original one
