**Re: Existing Tank Application: # ERES2207-0038**

To whom it may concern:

An attempt was made to evaluate your property for the purpose of issuing an existing tank permit. The evaluation could not be completed for one or more of the following reasons.

- 1. Uncover Outlet lid on septic tank and break seal. (\$25.00 fee incurred).
- 2. Have system pumped out
- 3. Replace Sanitary T
- 4. **Disapproved – No array marked nor flagged onsite. Array appears in close proximity to existing septic area. Site plan clearly shows proposed trenching route through existing flagged area. Boundaries of existing septic field marked onsite (white flags). Advised to mark proposed array onsite and proposed trenching route accordingly onsite with septic setbacks in mind. Revise proposal accordingly. Reconfirm when revised and ready onsite. (\$25.00 fee incurred).**

Your application will be put on hold until the selected items above have been addressed. When completed, **please call Central Permitting at 910-893-7525 to confirm** that the items mentioned have been corrected. We will then reschedule your property for evaluation. If you have any questions or concerns, please call 910-893-7547.
