Re: Certification Letter for Final Field Inspection of the installation of 26 New Solar Panels located at 116 S Dakota Ct., Spring Lake, NC 28390

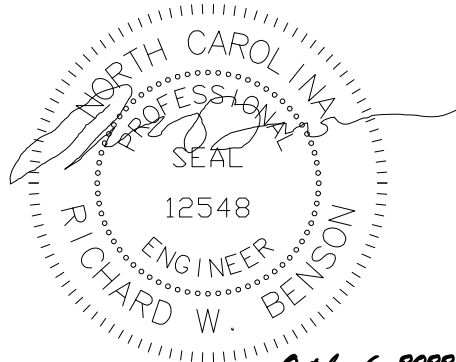

To whom it may concern,

This letter is attest to the fact that the installation of the PV system installed at the above address was inspected and was found to be installed in accordance with Harnett county permit approved plans and specifications. The install was designed by me and was installed per plans and specifications, and considered dead, snow, pv load, wind and seismic and doesn't negatively affect the buildings' structure and is in compliance with the 2018 NC Residential Building Code
