Good Morning,

It is okay to issue a minimum electrical permit for the parcel at 205 2nd Street. If they need to complete any other work to the house they will need to obtain a zoning permit. The woman on the phone told me that there was no electrical service meter on the house at all. I think that there had to be a meter there in the past and it was removed and they need a new one now. According to Harnett County GIS the house was built in 1935. If you have any questions please let me know. I hope that all of you have a great weekend.

Thanks,
Snow Bowden
