

## MODEL ENERGY, PLLC

MODELENERGY.COM

919-274-9905

300 FAYETTEVILLE ST., #1430

RALEIGH, NC 27602

Installer: Freedom Forever North Carolina, LLC  
Customer: Andrew Reinheimer  
Subject: PV System Post Construction Inspection  
Date: 12/7/2022

To whom it may concern:

A field inspection of the installation has been performed by myself, Andrew King (a North Carolina registered design Professional), or a person under my direct supervision.

Model Energy, PLLC has performed a site visit to 366 Dunbar Drive, Lillington, NC 27546 on December 6, 2022, and has reviewed the installation details of the PV system that was installed by Freedom Forever North Carolina, LLC. The structural installation of the PV system was found to be installed in accordance with the pre-installation structural letter by Current Renewables Engineering. The review was limited to the structural elements involved in the construction.

The structural installation of the PV system was found to be installed in accordance with the pre-installation structural letter by Current Renewables Engineering. The structural installation of the PV system was inspected, it shall not create a negative impact on the building's structural design, including any additional loads imposed (dead, snow and wind), and is in compliance with the 2018 North Carolina Residential Building Code. In addition, the PV system was installed in accordance with the structural documents submitted for permitting and was installed using standard and sound construction practices.

Thank you,

Andrew King, PE
