Kimberly,

That is fine, I completely forgot about the mechanical permit. I guess I had not had my coffee yet. It is okay to issue the permit.

Thanks,
Snow Bowden

It would have mechanical also, of course because of the gas piping.

Good Morning,

Thank you for checking in with me on this question. As long as it is just an electrical permit for a standby generator it is okay to issue the permit. Please let this email serve as a verification of zoning approval.

Thanks,
Snow Bowden

Good morning! We received an application for a standby generator. I just want to make sure you're ok with me processing the application. Thank you
