

## MODEL ENERGY, PLLC

MODELENERGY.COM

919-274-9905

300 FAYETTEVILLE ST., #1430

RALEIGH, NC 27602

Installer: Southern Energy Management  
Customer: Hilda Salazar  
Subject: PV System Post Construction Inspection  
Date: 2/23/2023

To whom it may concern:

A field inspection of the installation has been performed by myself, Andrew King (a North Carolina registered design Professional), or a person under my direct supervision.

Model Energy, PLLC performed the site visit on February 23, 2023 at 3689 Old Stage Rd. N, Angier, NC 27501 and has reviewed the installation details of the PV system that was installed by Southern Energy Management. The review was limited to the structural elements involved in the construction.

The structural installation of the PV system was inspected, it shall not create a negative impact on the building's structural design, including any additional loads imposed (dead, snow and wind), and is in compliance with the 2018 North Carolina Residential Building Code. In addition, the PV system was installed in accordance with the structural documents submitted for permitting and was installed using standard and sound construction practices.

Thank you,

Andrew King, PE
