Subject: RE: electricity to building

It is okay to issue an electrical permit for the existing building. Thank you for checking in with me on this permit.

Thanks,
Snow Bowden

Is it for the existing on site? I am sorry I just don't remember this one even though it is not that far back.

Thanks,
Snow Bowden

Good afternoon! We received a request for an electric permit for a storage building at 206 E E St. Just wanted to make sure it's ok to proceed. The storage building was permitted back in December of 22.
