Angier, NC 27501

An application for permit inspection of existing home that had car crash Friday 5/5/23 took out power because light pole hit + jerked the wired connections out.

Andy Andrews filed permit to get inspection.

Please consider this an emergency as my parents are in their 90's + they're too old to be "camping", 3 days w/o power.

Sincerely
Sandra Broadwell - Payne (daughter)
