300 FAYETTEVILLE ST., #1430  
RALEIGH, NC 27602

Installer: Ready Solar  
Customer: Mario Hernandez  
Subject: PV System Post Construction Inspection  
Date: 8/10/2023

To whom it may concern:

Model Energy, PLLC performed a field inspection on August 10, 2023, to the property located at 705 Avery Pond Drive, Fuquay-Varina, NC, 27526 and has reviewed the installation details of the PV system that was installed by Ready Solar. The field inspection was performed by myself, Andrew King (a North Carolina registered design professional), or a person under my direct supervisory control. The review was limited to the structural elements involved in the construction.

The structural installation of the PV system has been inspected, the equipment will not create a negative impact on the building's structural design, including any additional loads imposed (dead, snow, and wind), and is in compliance with the 2018 North Carolina Residential Building Code.

Thank you,

Andrew King, PE
