---

Permit # : \_\_\_\_\_

Installer/Contractor : \_\_\_\_\_

Homeowner : \_\_\_\_\_

Project Address : \_\_\_\_\_

Date Inspected : \_\_\_\_\_

Inspected By : Ermocrates E. Castillo

A field inspection of the installation has been performed by myself (a North Carolina registered design Professional) or a person under my direct supervision. The PV equipment's structural installation has been designed and inspected. The equipment will not create a negative impact on the building's structural design, including any additional loads imposed (dead, snow, wind) and the installation is in compliance with the North Carolina Residential Code.
