Re: Certification Letter for Final Field Inspection of the installation of (21) New Solar panels located at 1651 Raynor McLamb Rd., Linden, NC 28356

To whom it may concern,

This letter is attest to the fact that the installation of the PV system installed at the above address has been inspected by someone working under my direct supervision. The PV equipment's structural installation has been designed and inspected. The equipment will not create a negative impact on the building's structural design, including any additional loads imposed (dead, snow, wind) and the installation is in compliance with the 2018 North Carolina Residential Building Code.

If you have any questions concerning the content of what is written above please do not hesitate to contact me.

Richard W. Benson, PE
