Yes, it is ok to send inspector out.

This is a situation with 2 structures on the same parcel. I would require each structure to be on its own parcel if a greater than 50% renovation of 920 starts to unfold.

Thanks,
-Nick

Good morning! I had a customer come in yesterday that wanted a reconnect on the above address. They stated no work had been done however Duke would not reconnect without an inspection. I didn't realize until this morning that it was in Coats ETJ. Is this ok to send inspector out?
