Dec	535.27	255.96	\$134.04	\$91.13	0.0 kWh	-\$68.95
Total	8,674.0 kWh	1,656.7 kWh	\$1,340.40	\$926.37	\$40.20	-\$303.90

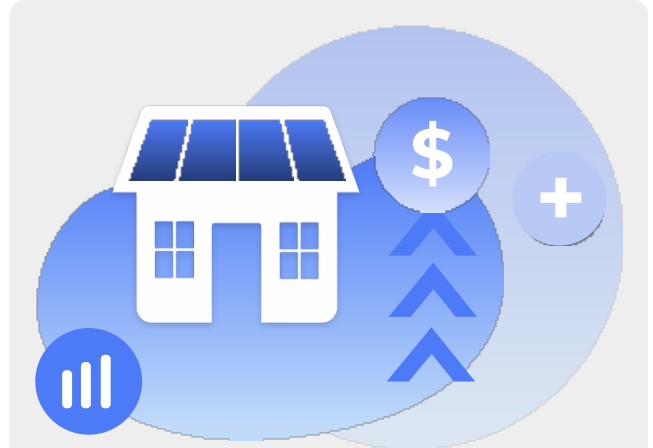

Production and Savings estimates are based on a period of 20 years by default. The length of the default project life can be updated for all projects by visiting the [Your Pricing](#) section in the Company settings. To change the project life for this project, visit [Utility](#) section under Settings button at the top edge of this page. Estimated production assumes equipment is maintained and free from damage or other impediments. Estimated projected usage is based on your current utility bill.

Benefits of solar

Control your energy costs

As utility prices continue to climb you will enjoy predictable energy costs for years to come.

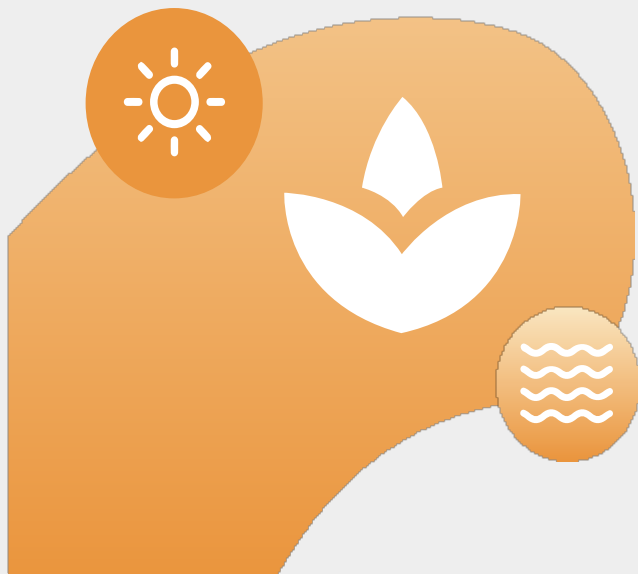

Increase the value of your property

A number of real estate studies find that solar is a home improvement that may increase the market value of your property.

Terms & conditions

BYLD LLC

Home Improvement Contract

Terms and Conditions

This Sales and Installation Agreement (collectively with any exhibit attached hereto, this ("Agreement") is entered into by and between BYLD LLC, and all subsidiaries, agents, contractors, collectively (the "Company"), and the homeowner, signature authority, and/or co-signer, collectively (the "client"), for the installation of solar, roofing, home efficiency, or maintenance work at the listed address (the "install location").

Prior to final pricing, The Company reserves the right to conduct a site visit/audit to verify that all satellite calculations were exact. Materials offered are subject to change without notice. Quality and efficiency offered will remain within 5% less, 10% more, or equivalent. Signature on this agreement is mandatory to conduct a site audit.

1. Installations must be completed in accordance with all laws, codes and other requirements applicable under federal, state and local authority (e.g. permits, inspections)
2. The Company will require all necessary client information to proceed with mandatory Federal government and State applications.
3. The Company will require access to the install location in order to proceed with initial project assessment, construction, inspection and required maintenance. The client will be contacted prior to visits, and will need to arrange property access allowing the company to fulfill its portion of the agreement.
4. The Company is not responsible for any tax liabilities that the client may incur. It is recommended that the client seek the appropriate consultation concerning any tax liabilities that may be associated with the receipt of the Federal and/or State Tax Incentive Programs.
5. The Company does not endorse, guarantee or warrant any particular brand, manufacturer or third party services.
6. The client hereby agrees to indemnify, defend and hold harmless, The Company from any and all liability associated with this program/project except for the labor warranties provided.

Please refer to the product spec sheet and online warranty information for details regarding the manufacturers warranties for your specific project. Manufacturer is responsible for all solar components warranties, The Company is responsible for all labor warranties unless stipulated otherwise. The Company warrants your roof against damage and water infiltration at each roofing penetration made in connection with the installation of the system for a period of ten (10) years from the installation of the system. The Company will repair damage to your roof and repair or compensate you for actual physical damage to your property resulting from any water infiltration. The Company commits to servicing these warranties for the client:

- 25 year limited power output warranty
- 15 - 30 year limited product manufacturer's warranty on solar panels
- 20 year limited warranty on racking system
- 15 year workmanship warranty

7. No amount of energy savings, energy production or income generation are guaranteed as a result of the purchase and installation of eligible equipment.
8. The client is responsible for the application process, from initiation through completion unless mentioned otherwise by a representative of The Company. The client may designate a primary contact; however, the client is responsible for ensuring that the guidelines, terms and conditions, requirements, and program processes are adhered to.
9. It is the responsibility of The Company to ensure that all appropriate permits (e.g. local, state) have been obtained including ensuring that Deed Restrictions do not prohibit the installation of the proposed PV system.
10. Federal, State, Local, Utility program guidelines and rebate levels are subject to change without notice, and may be terminated by executive, legislative or regulatory action at any time. Utility rates are also subject to change. The Company is not held accountable for loss of rebate, income, savings or delays resulting from such a situation.
11. Prior to final pricing, The Company reserves the right to conduct a site visit/audit to verify that all satellite calculations were exact. Materials offered are subject to change without notice. Quality and efficiency offered will remain within 5% less, 10% more, or equivalent.
12. All payments must be made according to the scheduled agreement. Personal Check. Wire Transfer. all major Credit/Debit Cards (only for

.....
initial deposit), and Bankers Draft are all acceptable methods of payment. All goods remain the property of The Company until final payment has been completed. Payments outstanding beyond their respective due dates will incur interest at the rate of 2% on the outstanding balance, until the balance is paid in full and final settlement has been reached.

13. The Company does not, will not, and cannot hold responsibilities in relation to any form of damage caused by an act of God, including accumulated snow and/or ice and/or hail on or around the solar array.

14. The timeline proposed in this offer cannot be guaranteed by The Company and The Company cannot be held accountable for any delays resulting from situations not under the control of The Company (rain, snow, permitting, application approval delays, HOA delays etc.)

15. The Company will not sell, share, or rent your personal information to any third party, or use your e-mail address for unsolicited mail. All e-mail messages sent by The Company will pertain solely to the provision of agreed services and products. Any information on pricing and procedures will remain confidential between the client and The Company and are not to be shared with other companies.

16. Warranty or maintenance obligations information may be sold to or transferred to a third party at any time.

17. In an effort to expedite the process for utility applications, HOA applications, and local permitting, by signing electronically, the client gives the company the authority to sign for and make any and all necessary changes to homeowner names, addresses, and account numbers to match the records of the corresponding jurisdictions.

18. The cooling off period, as detailed in Exhibit 2 below, by federal law gives the client a 3 day right of rescission. In an effort to keep our timelines short and the client experience top notch, BYLD Project Managers will start working on the project on day 4. This work in most cases includes but is not limited to permitting, zoning, utility applications, and HOA applications. The cost associated with the above work can be charged to the client if the client cancels outside of the cooling off period. This does not include projects that are canceled due to restrictions, placement changes, or final pricing discrepancies.

19. By signing electronically, and upon doing so, the client agrees to all program requirements including all terms and conditions of The Company and both parties are executing this offer in good faith.
