

Catherine Meyer

332 Docs Road, Lillington, NC 27546

02/13/2024

Project Information

Project Name	Catherine Meyer	Customer Phone Number	(704) 607-2382
Customer Address	332 Docs Road, Lillington, NC 27546	Installation Date	02/13/2024

Job Check In

Was the customer home for install?	Yes	MSP Check - Red Flags Present?	No
Did the Customer agree to the equipment location?	Yes	Does Structure Match Plans?	Yes
Roof Check - Red Flags Present?	No	Structural Check - Red Flags Present?	No
MSP Check - Does MSP Match Plans?	Yes	Miscellaneous - Red Flags Present?	No

Project Completion Photos

Site and Safety

Rooftop Installation

Roof Type	Metal	Conduit Transition	Shepherd's Hook
Metal Mounting Method	Rail	Does this project include a Trench?	No
Does the Job Require Unirac Tilt Legs?	No	J-Box Type	J-Box

Electrical Installation

Was there any Electrical Equipment/Conduit Installed Inside The Garage/Home?	No	Does This Project Include a Battery?	No
--	----	--------------------------------------	----

Commissioning

Was the Inverter/Combiner Commissioned? Yes

Were there any errors during the commissioning process? No

Does this project include a battery? No

Was PCS utilized or required on the SLD for this project? No

Crew Lead Review + Quality Assurance

Was there a need to change the layout? Yes, the layout did not fit as designed.

Was there a need to change the BOS Location? No, was able to install as designed.

Specific details for layout change

Had to make a longer row on top and shorten the bottom 2 rows. Obstructions were not where they said they were on the plans

Design Change Approved By: Everett Thomas

Was there a need to change the point of interconnection method? No, was able to install POI as designed.

Are There Any Remaining Punchlist Items? No

Customer Installation Review

Is the customer home? No

Miscellaneous - Trenching, Critter Guard, Rafter Upgrades

Removal/Reinstall? No

Are The Gas & Electrical Meter On The Same Wall?
