Freedom Forever LLC  
43445 Buisness Park Dr., Suite 110  
Temecula, CA 92590

Job Number: 459707  
Project Name: Fred Josey  
Project Address: 57 Avents Creek Way  
City: Fuquay-Varina  
State: NC

**Design Criteria:**

Applicable Code = ASCE 7-16  
Design Wind Speed = 130 mph (3 Second Gust)  
Exposure Category = C  
Ground Snow Load = 15 psf  
Module Type = JINKO SOLAR: JKM390M-72HBL-V  
Module Quantity = 18

To whom is may concern,

The above mentioned residential rooftop solar project has been designed to the specifications shown above. The team at Freedom Forever LLC has visited the site to observe the roof and its framing as well as gather other required information for the project. During this observation they did not see any signs of damage or distress to the roof structure which would preclude solar from being installed. Based on that review and the information provided, the calculations on the following pages were completed to determine the adequacy of the roof framing as well as the allowable attachment spacing for the PV panels. The calculations show that the roof can support the proposed PV system.

Sincerely,

A handwritten signature in blue ink, appearing to read "Taqi", is written over a light blue horizontal line.

Taqi Khawaja, PE
