Inspections Department,

Harnett County,

To Whom It May Concern:

The battery installation performed at **97 Sunnybrook Lane Lillington, NC 27546** was supervised by NABCEP certified engineer Ali Buttar (Certification No. 031310-32) and all components were verified and approved for the installations.

A post-install site inspection was performed by Usman Noor (PE) which verified the following:

- i. The equipment's structural installation has been designed and inspected
- ii. The equipment will not create a negative impact on the building's structural design.
- iii. The installation is in compliance with the North Carolina 2018 Residential Code

Sincerely,

05.23.2025

Usman Noor
