

EXPLORATION - PRIVATE UTILITY LOCATE RESULTS

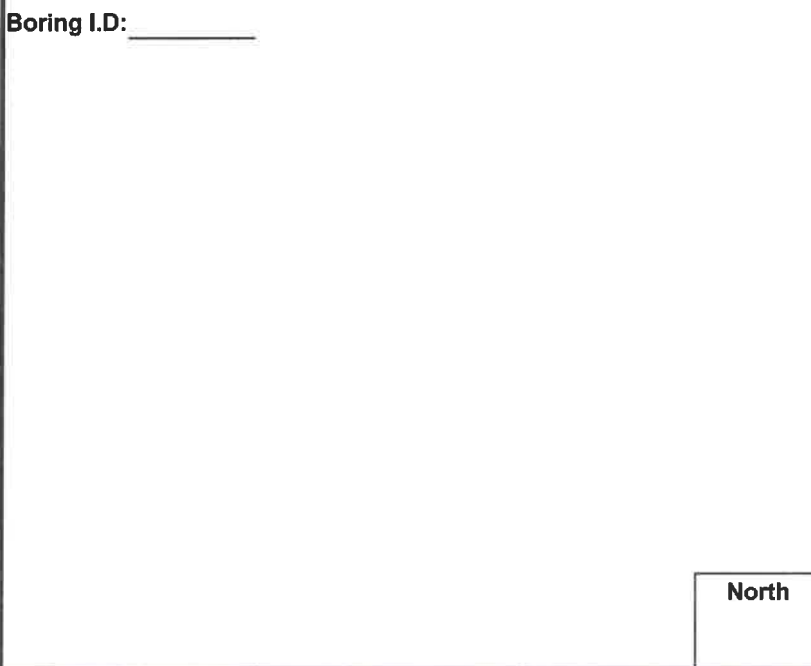

Project Name: 70227557 Date: 2/1/23
 Project Number: _____ Hours on site: 1.75
 Locator: Sara Selby Weather: 40's cloudy
 Equipment Used: Ground Penetrating Radar Electromagnetic Line Locator Metal Detector Other: _____

Legend

⊕	Original Boring	x	valve
⊕	Alternate/Moved Boring	F	fire hydrant
C	comm, data, telephone	⊡	meter
E	electric	□	unknown object
G	natural gas		
SS	sanitary sewer		
SD	storm drain	Surface	
W	water	—	Asphalt
F	fire suppression	—	Concrete
UU	undifferentiated	—	Gravel
O	other (specify)	—	Soil

Comments
 ⊕ = tree
 The UST is unconnected to the north of the spout and is buried 0.1' deep to the south.
 Overhead power is ~60' away.
