Good morning,

I never received a response to the question I asked, that has now been asked twice. We know the owner on record is deceased. How do we move forward with requesting this permit? Will you issue a permit in the name of someone who has passed? Our customer is without heat and has been for a month now. And we are just trying to rectify this and do the right thing.

Thank you,

Dee Murchison

Kimberly,
I asked Michelle last week what we needed to do since the owner is deceased. Sheiia is a child of the deceased, and the house was left to all of the siblings. I never received a response. So how should we handle this moving forward since the owner is deceased.

Thank you,

I have just spoken to this customer. We never received the corrected application. Harnett County GIS does not show Shelia Renee Moore as the owner.

Shelia Renee Moore is the person that we have an account with, that has also told us she is the homeowner. Her account has been open since 1984. If anyone else is the owner, we don't know who that is.
