That is fine to go a head and issue the permit. Would the filtration system be inside/under the house?

Sorry, I should have included reason, this is to install whole house filtration system.

Good afternoon,

If all they are doing is asking for a minimum plumbing permit to do some work on existing plumbing that is fine to issue the permit. If they are adding onto the house they will need to submit a site plan to me.

Please ask them to fill out a zoning permit and submit it to Town Hall. Thanks for running this by me.

Thanks,
Snow Bowden

Good Afternoon,

I received a plumbing application for 70 Wilson Lucas Road today, is this ok to issue?
