

## Permit Removal

I Romello Toleito, request that my plumbing license be removed from the permit with address 116 Jordan Rd, Angier, NC 27501. The only work that was completed and should be completed under my license is a pan linear for shower and bathtub installed. Just only these two fixtures which was completed by me, under my plumbing license. Which a current permit wasn't permitted and homeowner/ real estate agent Pontus Karnsund stated Ms. Donna permitted work to be don't while the permit was processing. I can provide proof of this current claim. I have proof the work was done before January 8th 2025 and that Mr. Pontus Karnsund was fully aware of his false claims and wrongdoing.
