RA-20R Criteria Certification

I, James Stewart, understand that because I'm located in a RA-20R
(Print Name)

Zoning District and wish to place a manufactured home in this district I must meet the following criteria before I will be issued a certificate of occupancy for this home.

1. The home must have a pitched roof, for a manufactured home, whether A-shaped or rounded, which has a minimum rise of twelve (12) inches for every seven (7) feet of width. (See diagram)

2. The home must be underpinned, the underpinning must be installed in good workmanship-like manner along the entire base of a manufactured home, except for ventilation and crawl space requirements, and consisting of the following: metal with a baked-on finish of uniform color; a uniform design and color vinyl; or brick, cinder block, and stone masonry as well as artificial stone masonry.
3. The homes moving apparatus removed, underpinned or landscaped.

Procedures and Guidelines for Manufactured Home Inspections

1. All pertinent applications and information must be filled out completely at central permitting in order to start the process, this includes the following:
 - County of Harnett Land Use & Environmental Health Application
 - Site Plan (must be to scale)
2. Then you must call Environmental Health (910-893-7547) to receive a confirmation number in order to set up environmental inspection. (This is a 7-10 day process)
3. After the environmental inspection takes place then you must call central permitting (910-893-4759) to ensure that the environmental health permit has been issued.
4. Then you must return to central permitting to purchase manufactured home set-up permit and land use permit. (See Harnett County fee schedule for all applicable fees.)
5. After the Manufactured Home is installed in accordance with the State of North Carolina Regulations for Manufactured/Mobile Homes, 1995 Edition, the applicant must call the Harnett County Inspections Department (910-893-7527) for set-up inspection. This will be the first of two separate inspections.
Note: Do not install underpinning until this inspection is complete!
6. Complete all zoning requirements listed above and call the Harnett County Planning Department for final inspection (910-893-7525). Once this inspection is completed and all zoning requirements have been met, a final Certificate of Occupancy will be issued for the home and the power may be turned on.

All reinspections may subject you to reinspection fees!
