IF RENTING, LEASING, ETC., LIST PROPERTY OWNER NAME Patsy A. Johnson

Cherokee Ridge 16

SUBDIVISION NAME LOT #/TRACT # STATE RD/HWY SIZE OF LOT/TRACT

Type of Dwelling:  Modular  Mobile Home  Stick built  Other \_\_\_\_\_

Number of bedrooms 3  Basement

Garage: Yes  No  Dishwasher: Yes  No  Garbage Disposal: Yes  No

Water Supply:  Private Well  Community System  County

Directions from Lillington to your site: 27 to Tinent then Mico Tower to Cherokee Ridge to Pappose to Otto RD.

**In order for Environmental Health to help you with your repair, you will need to comply by completing the following:**

1. A **"surveyed and recorded map"** and **"deed to your property"** must be attached to this application. Please inform us of any wells on the property by showing on your survey map.
2. The outlet end of the tank and the distribution box will need to be uncovered and property lines flagged. After the tank is uncovered, property lines flagged, underground utilities marked, and the orange sign has been placed, you will need to call us at 910-893-7547 to confirm that your site is ready for evaluation.

Your system must be repaired within 30 days of issuance of the Improvement Permit or the time set within receipt of a violation letter. (Whichever is applicable.)

By signing below, I certify that all of the above information is correct to the best of my knowledge. False information will result in the denial of the permit. The permit is subject to revocation if the site plan, intended use, or ownership changes.

**RE: Failing system located at: 70 Otto Rd. – Lt 16 Cherokee Ridge Ph. 2 Map # 2005-99  
PIN# 9597-91-7262.000 – Complaint # 1972**

Dear Ms. Johnson,

An on-site inspection was made on your property on February 24, 2014 by an Environmental Health Specialist and observed a failing septic system.

You are hereby notified that you are violating the Rules and Regulations adopted by the North Carolina Commission for Health Services in accordance with requirements of Article 11 Chapter 130A-335 (a) of General Statutes of North Carolina. Any person owning or controlling a residence, place of business, or place of public assembly containing water using fixtures connected to a water supply source shall discharge all wastewater directly to an approved wastewater system permitted for that specific use. A wastewater system may include components for collection, treatment and disposal of wastewater.

We request that you contact the Health Department within 7 days in order to obtain an improvement permit. **You are required to correct this problem within 30 days from this date.** You will be required to bring a **recorded survey map, deed**, and fill out a repair application in order to obtain an improvement permit. Please be advised that any action you may take without an improvement permit does not absolve you of the responsibility for correcting this public health problem, according to health department standards. The continuation of this violation may constitute a health hazard, and **if you do not comply within the allotted time frame we will be forced to obtain legal action.**

I can be contacted at 893-7547 Monday-Friday, from 8:00-9:00 a.m.

Sincerely,

Graham H. Byrd, R.E.H.S.  
Environmental Health Supervisor  
Harnett County Department of Public Health

## COMMENTS:

BM 3/17/2014 Spoke with person at home + suggested that they get a septic contractor to come and reconnect black pipe to chamber. There may be some crushed chambers that will need to be replaced.

BM 5/28/2014 End of first line of panels crushed; recommend replacing them + see if ~~it~~ works.
