In order for Environment Health to help you with your repair you will need to comply by doing the following:

1. A surveyed and recorded map and deed to your property must be attached to this application along with a site plan showing (a) location of dwelling (b) location of driveway (c) location of any wells and other existing structures.
2. The outlet end of the tank and distribution box will need to be uncovered and property lines marked. After the tank is uncovered, property lines are marked and orange sign has been placed, you will need to call us at 893-7547 or 893-7548 to let us know that it is ready.
3. The system must be repaired within 30 days or the set time within receipt of a violation letter.

This certifies that all of the above information is correct to the best of my knowledge. False information will result in the denial of the permit. The permit is subject to revocation if the site plan, intended use, or ownership change.

**RE: Harnett County Land Use Application HTE#07-5-17079**

Dear Ms. Baskerville,

The Harnett County Department of Public Health, Environmental Health Division on March 14, 2007 evaluated the above referenced property at the site designated on the plat/site plan that accompanied your existing tank application. According to your application requesting a 3 bedroom, 32 x 76 doublewide, the evaluation was done in accordance with the laws and rules governing wastewater systems in North Carolina General Statute 18A.1950 including related statutes and Title 15A, Subchapter 18A, of the North Carolina Administrative Code, Rule.1950 and related rules.

Based on the criteria set out in Title 15A, Subchapter 18A, of the North Carolina Administrative Code, Rules .1950, the evaluation indicated that the site is **UNSUITABLE** for the addition requested. Therefore, your request for an existing tank is **DENIED**. The site is denied based on the following:

The homemade tank currently on your property does not meet state standards. Therefore, your request is denied. You have the option of applying for a repair (application is in the Environmental Health Office) and installing a new septic system.

If you should have any questions or concerns I can be contacted Monday through Friday from 8am - 9am at 910-893-7547.

Sincerely,

Joe West, R.S.  
Environmental Health Specialist  
Harnett County Department of Public Health
