Re: Status of Improvement Permit Application #07-5-18558

Dear Mr. and Mrs. Dieser,

On October 4, 2007, an attempt was made to evaluate your property for the purpose of issuing an Improvement Permit. The evaluation could not be completed for one or more of the following reasons.

- 1. Property lines/corners not marked or labeled
- 2. House corners not marked or labeled
- 3. Directions not clear to property
- 4. Property needs brush or vegetation removed
- 5. Backhoe pits required
- 6. Other

Once I got to Lower River road I never saw the sign or property line flags to indicate where I was supposed to be. I did some lots along that road recently and those lots required back hoe pits due to rocky soil conditions. It would be best to have someone meet me on site with a backhoe to dig pits.

Your application will be put on hold until the selected items above have been addressed.

When completed please call 910-893-7547 between 8 – 9:00 a.m. to confirm that the items mentioned have been corrected, we will then reschedule your property for evaluation.

Sincerely,
