40514

Good Morning Donna,

I will be contacting an attorney's office based upon how Harnett County did not do the zoning inspection before the home was set. You guys issued the permits and told me to proceed with the home project. At this time the home will have to be moved 30' due to your right away laws. So once I get the attorney involved we will see what options as I feel this has been a complete nightmare. My home has been sitting vacant for almost 5 weeks now due to your model of business, which was done incorrectly.

Thank You,
Leaha Robbins

Good morning, Leaha. I spoke to Randy Baker, the zoning inspector, and he said we are going to have to have a current survey done, before we can proceed with this job. I would call Mickey Bennett, since he has done the previous one. The survey needs to show any structures that are on that tract of land and also all the easements and property lines for that property.

Thank you,
Donna M. Johnson
