**PROCEDURES AND GUIDELINES FOR MANUFACTURED HOMES**  
**Replacement & Removal Criteria and Certification**

I, Debra McColey, do hereby certify the following:  
(Print Name)

1. That I own a tract of land located on SR \_\_\_\_\_ in an RA-30 / RA-40 or RA-20R RA-20M zoning district which has a functional septic tank;
2. That the existing single/double-wide manufactured home is to be removed or was removed on \_\_\_\_\_ (date);
3. That I am replacing an existing (circle one) single wide/double wide manufactured home with a (circle one) single wide/double wide manufactured home or other residential structure, and;
4. That the replacement of this manufactured home creates 2 residence(s) on this single tract of land, and;
5. That there will be 1 manufactured home(s) on this single tract of land and I (circle one) do not own property within 500 feet of this tract that contains a manufactured home.
6. The home must have a pitched roof, for a manufactured home, whether A-shaped or rounded, which has a minimum rise of twelve (12) inches for every seven (7) feet of width. (See diagram)

Note: Most rounded roofs **will not** meet the roof pitch requirement as illustrated. The measurement from the peak of the roof to the base line of the roof must be 12" for every 7" of total width of the home. (Example: 14' wide home = 24" roof rise)

Continued...

7. The home must be underpinned, the underpinning must be installed in good workmanship-like manner along the entire base of a manufactured home, except for ventilation and crawl space requirements, and consisting of the following: metal with a baked-on finish of uniform color; a uniform design and color vinyl; or brick, cinder block, and stone masonry as well as artificial stone masonry.

8. The home must have been constructed after July 1, 1976.

9. The homes moving apparatus must be removed, underpinned or landscaped.

10. Select  One of the Following Options Below

The current manufactured home will be removed prior to the Zoning Inspection.

- A valid moving permit or demolition permit shall be submitted and approved prior to issuance of permit for the new structure.

The current manufactured home will be removed after the final inspection has been performed and the certificate of occupancy has been issued. **\*Additional Fees and Requirements shall apply, see below for additional information.**

**\*Additional Information for Option B: Temporary approval for replacement of a manufactured home is allowed only under the procedures and limitations stated below.**

*Please initial next to each item to indicate that you understand and have or will comply with as necessary.*

1. A valid manufactured home moving permit must be submitted for the removal of the existing home located on the property to Harnett County Planning Services. \_\_\_\_\_
2. A copy of a Bill of Sale or a Title Transfer of the existing home must be submitted to Harnett County Development Services. \_\_\_\_\_
3. Items 1 & 2 must be submitted to Central Permitting prior to your permit issuance. \_\_\_\_\_
4. Property owner acknowledges that due to the fact that a second zoning inspection is required, in order to facilitate this request, a re-inspection fee in the amount of fifty (\$50.00) dollars shall be paid during the permitting process. \_\_\_\_\_
5. Once the home has met all other zoning requirements, a temporary approval shall be granted in order to proceed with obtaining a certificate of occupancy. From the date the certificate of occupancy is issued, the property owner shall have five (5) business days to remove the pre-existing manufactured home. \_\_\_\_\_
6. Property owner acknowledges that if the pre-existing manufactured home is not removed by the specified time of five (5) business days that he / or she shall be in direct violation of the Harnett County Unified Development Ordinance. And by creating a violation of the Harnett County Unified Development Ordinance shall subject themselves to enforcement actions, penalties, and fines specified within Article XV, (Administration, Enforcement, and Penalties) of the Harnett County Unified Development Ordinance. Each day the violation continues is a separate offense and is a misdemeanor punishable by a fine not to exceed one hundred (\$100.00) dollars or imprisonment not to exceed thirty (30) days. \_\_\_\_\_
7. Property owner acknowledges and affirms that the guidelines, procedures, and requirements associated with the replacement of a manufactured home and the penalties for creating a violation of the Harnett County Unified Development Ordinance have been explained and accepts this document as an initial *Notice of Violation*. \_\_\_\_\_

**Environmental Health New Septic System Code 800**

- **All property irons must be made visible.** Place "pink property flags" on each corner iron of lot. All property lines must be clearly flagged approximately every 50 feet between corners.
- Place "orange house corner flags" at each corner of the proposed structure. Also flag driveways, garages, decks, out buildings, swimming pools, etc. Place flags per site plan developed at/for Central Permitting.
- Place orange Environmental Health card in location that is easily viewed from road to assist in locating property.
- If property is thickly wooded, Environmental Health requires that you clean out the **undergrowth** to allow the soil evaluation to be performed. Inspectors should be able to walk freely around site. **Do not grade property.**
- **All lots to be addressed within 10 business days after confirmation. \$25.00 return trip fee may be incurred for failure to uncover outlet lid, mark house corners and property lines, etc. once lot confirmed ready.**
- After preparing proposed site call the voice permitting system at 910-893-7525 option 1 to schedule and use code **800** (after selecting notification permit if multiple permits exist) for Environmental Health inspection. Please note confirmation number given at end of recording for proof of request.
- Use Click2Gov or IVR to verify results. Once approved, proceed to Central Permitting for permits.

**Environmental Health Existing Tank Inspections Code 800**

- Follow above instructions for placing flags and card on property.
- Prepare for inspection by removing soil over **outlet end** of tank as diagram indicates, and lift lid straight up (*if possible*) and then **put lid back in place.** (Unless inspection is for a septic tank in a mobile home park)
- **DO NOT LEAVE LIDS OFF OF SEPTIC TANK**
- After uncovering **outlet end** call the voice permitting system at 910-893-7525 option 1 & select notification permit if multiple permits, then use code **800** for Environmental Health inspection. Please note confirmation number given at end of recording for proof of request.
- Use Click2Gov or IVR to hear results. Once approved, proceed to Central Permitting for remaining permits.
