RE: Status of Improvement Permit Application

Dear Ms. Scott,

On August 30, 2001, an Environmental Health Specialist from the Harnett County Health Department attempted to evaluate your property for the purpose of issuing an Improvement Permit. This individual was unable to evaluate your property for one or more of the following reasons. You will need to call our office and confirm that these items have been corrected. Once this is done we will reschedule your property evaluation.

- 1. Property lines/corners not marked or labeled
- 2. House corners not marked or labeled
- 3. Directions not clear to the property
- 4. Property needs brush or vegetation removed
- 5. Backhoe pits required
- 6. Other Due to rocky soil conditions backhoe pits will be required. I have flagged where the 12 pits should be. Please see attached map. Pits need to be 3by 4 foot deep.

Sincerely,

A handwritten signature in black ink that reads "Joe West RS".
