Project No.: 1901-010152

As requested by the client, Tyndall Engineering & Design (TE&D) is providing recommendations for the following items:

- 1) Inadequate projection of 4 pier footings located along the front half of the dwelling foundation.

The following conclusions and recommendations were noted:

- 1) Based on our observations and analysis, the existing pier footings should be modified in general accordance with the attached diagram on sheet 4 of this report.

We appreciate being able to assist you during this phase of the project. If you need further assistance or require additional information, please do not hesitate to contact us.

Sincerely,
Tyndall Engineering & Design

Sean M. Holmes
