Ref: Site Observations and Analysis
208 E. Jackson St.
Coats, NC 27521
Project No. 19-142

To Whom it may concern;

The above referenced site was visited on July 10, 2019 for the following items:

1. Engineer to perform third party footing inspection.

Based on analysis, the conclusions regarding the condition(s) are:

1. Upon arriving at the site, the contractor had completed excavation of the footings for all perimeter walls and interior piers. All soils in the footings were adequate to support the required design loads. The footings were ready for concrete placement.

Thank you for this opportunity to assist you. If you have any questions or need any further assistance, please do not hesitate to call.

Respectfully,

Mark E. Jones, PE
