To Whom It May Concern:

Our office performed an onsite inspection of footings at the above subject site Friday, October 25, 2019. There were no soft/yielding areas observed with the soil being free of organic materials. In addition, the footing depth, width and rebar placement were constructed in accordance with Michael Synott, PE sealed plans for owners, "Charles and Paula Bradshaw". If we may be of further assistance, please feel free to call.
