

VICINITY MAP

North Carolina, Johnston County
 I, W. ROYCE LAMBERT, JR., certify that this plat was drawn under my supervision from an actual survey made under my supervision (detailed description recorded in Book 2381, Page 138 - 142) (other) that the boundaries not surveyed are clearly indicated as shown from information found in Book , Page ; that the rules of practice or professional standards as contained in ; that this plat was prepared in accordance with G.S. 47-30 as amended.

- I certify to one or more of the following:
- (1) That the survey creates a subdivision of land within the area of a county or municipality that has an ordinance that regulates parcels of land.
 - (2) That the survey is located in a portion of a county or municipality that is incorporated in to an ordinance that regulates parcels of land.
 - (3) Any one of the following: (1) That the survey is of an existing parcel or parcel and of use or more existing, permanently and does not create a new street or change an existing street. For the purposes of this subsection, an "existing parcel" or "existing improvement" is an area of land described in a single legal description or legally recorded subdivision that has been or may be legally conveyed to a new owner by deed in its existing configuration; (2) That the survey is of an existing feature, such as a building or other structure, or natural feature, such as a watercourse; (3) That the survey is a locational survey. For the purposes of this subsection, a "locational survey" is a survey that provides horizontal or vertical position data for support or control of other surveys or for mapping. A locational survey, by itself, cannot be used to define an owner's rights or interests; (4) That the survey is of a proposed easement for a public utility as defined in G.S. 47-25.
 - (4) That the survey is of another category, such as the reconstruction of a building or a court-ordered survey, or other exception or exception to the definition of subdivision.
- I certify that the information available to the surveyor is such that the surveyor is unable to make a determination to the best of the surveyor's professional ability as to provisions contained in (a) through (d) above.
