Subject: 109 Overlook Court
Angier, NC 27501
Framing Inspection Letter
Harnett County Permit #: SFD2012-0036

Based on the request of the Inspector, I reviewed 3 items from the framing inspection notice for code compliance. My recommendations are as follows:

- Item 3: The installed engineered hangers are Mitek brand in lieu of Simpson hangers. The Mitek engineered hangers installed throughout the home are acceptable.
- Item 6: The double 1 3/4" x 9 1/4" LVL header was installed for the back left window on the main floor. The LVL was installed in lieu of the double 2x10s with stud pockets. This header modification is acceptable.
- Item 8: The quad 9 1/4" LVL with stud column support was removed from the ceiling of the back right room on the 2nd floor. Additional rafter supports and collar ties were installed in lieu of the LVL beam and the stud column. This modification is acceptable.

The 3 items noted above meet all the requirements of the 2018 North Carolina Building Code for Residences.
