Re: Status of Improvement Permit Application #SFD2104-0030

To whom it may concern:

An attempt was made to evaluate your property for the purpose of issuing an Improvement Permit. The evaluation could not be completed for one or more of the following reasons.

- 1. Use pink flags to accurately mark property lines and ALL irons that are set by surveyor need to be visible. (*\$25.00 fee incurred*)
- 2. Use orange flags to mark house corners (*\$25.00 fee incurred*)
- 3. Directions not clear to property (*\$25.00 fee incurred*)
- 4. Property needs brush, trees and vegetation removed from house and septic area
- 5. Driveway not shown on site plan
- 6. Backhoe pits required
- 7. Other- Environmental Health will re-evaluate the lot after it dries out. There is too much lateral ground water moving through the soil, and it appears as if the soil on the lot was cut away after the initial permit was written. Original permit will be put on hold until such a time a proper evaluation can be completed.**

Your application will be put on hold until the selected items above have been addressed.

When completed **please call 910-893-7547 to confirm** that the items mentioned have been corrected, we will then reschedule your property for evaluation.

Sincerely,

Mark Osborne REHS
