RE: Engineering - Foundation Analysis
Lot 1 West Park Subdivision, Sanford, NC
Project No.: 21DDM-0819F

To whom it may concern:

The undersigned arrived on-site 8-19-21 to observe, probe and perform Dynamic Cone Penetrometer (DCP) testing in general accordance with the American Standard Testing Methods (ASTM) special publication 399 on the grey silty sandy fill soil materials at the above referenced site. Based on the observations and test data the grey silty sandy fill soils were adequately compacted at the tested locations.

Sincerely,

David Miller, PE
