To Whom It May Concern:

As requested by the client, a representative of Tyndall Engineering & Design, PA (TE&D) has reviewed and analyzed the following project items:

- 1) 3RD party review of proposed footing projection repair prior to concrete placement.

The following conclusions and recommendations were noted:

- 1) Based on our review and analyses, the existing footing projection repair was structurally adequate to support the anticipated loading conditions. The reader is referred to the attached photographs.

We appreciate being able to assist you during this phase of the project. If you need further assistance or require additional information, please do not hesitate to contact us.

Sincerely,
Tyndall Engineering & Design
