## Adams Soil Consulting 1676 Mitchell Road Angier, NC 27501 919-414-6761

March 6, 2024 Project #1763

This document is submitted in addition to the "Notice of Intent to Construct" submittal package previously supplied to the local health department in pursuant to G.S. 130A-336.1

RE: 490 Ray Byrd Road - Lillington, NC 27526- (Harnett County, NC)

To whom it may concern:

This letter is to notify the Harnett County Environmental Health Department that the construction of the wastewater system has been completed. The system was installed to acceptable construction standards. The installation was constructed in conformance to the original construction documents. This document may serve as "Authorization to Operate" the installed system.

## **Operation and Management Program**

Have the effluent filter in the septic tank cleaned periodically by a professional. Have the solids pumped out of the septic tank every 3-5 years by a professional. Maintain adequate vegetative cover over the drainfield. Keep surface waters away from the tank and drainfield. Do not pour grease or oil down the sink. Contact a professional for periodic maintenance.

Alex Adams

Adams Soils Consulting, PLLC NC Licensed Soil Scientist #1247

OWNER ACCEPTANCE OF SEPTIC SYSTEM
