Reference: Engineering Services  
1769 Cameron Hill Rd.  
Cameron, NC  
Project No.: 2401-020897

To Whom It May Concern:

As requested, the undersigned representative of Tyndall Engineering and Design, PA (TE&D) has provided the following engineering services:

- 1) 3<sup>RD</sup> party footing excavation review and analyses.

The following conclusions and recommendations were noted:

- 1) The existing excavated footings were analyzed with regard to compliance with the on-site plans and applicable provisions of the 2018 North Carolina Residential Building Code. Based on our review and analyses, the existing footing was prepared in general accordance with the on-site project plans and applicable provisions of the 2018 North Carolina Residential Building Code. In addition, the in-situ soils were deemed as being adequate to support the anticipated loading conditions (2000 PSF).

We appreciate being able to assist you during this phase of the project. If you need further assistance or require additional information, please do not hesitate to contact us.

Sincerely,  
Tyndall Engineering & Design
