RE: Trench Length Revision  
Briarwood Bluff Subdivision Lot 1  
Knoll Way Sandford, NC

For:

Harnett County Environmental Health Department  
307 Cornelius Harnett Blvd.  
Lillington, N.C. 27546

Ownership:

Smith Douglas Builders  
Natascha Clark  
nclark@smithdouglas.com  
760.485.4115

Septic System Installer:

Ricky Noto  
A and R Residential  
845-742-8576

To: Harnett County Health Department:

It is my understanding from speaking to Ricky Noto, System Installer, that the septic drainfield lines at Briarwood Subdivision Lot 1 where install per the A-2 Session Law Permit Plan, except that the drainfield lines installed are 82ft in length instead of the 80ft length as specified by permit. I consider this increase in trench length for this site as acceptable.

Please let me know if you have any questions,

*Stephen W. Bristow*
