**Re: Status of Permit Application-SFD2408-0007**

**To whom it may concern,**

An attempt was made to evaluate your property for issuing an Improvement Permit. The evaluation could not be completed for one or more of the following reasons.

**X 1. Use pink flags to mark left property lines, survey irons to be located and demonstrated. Property lines marked/flagged every 50'. (25.00 Fee Incurred)**

**X 2. House Box needs to be corrected and marked/demonstrated. (25.00 Fee Incurred)**

    3. Directions not clear to property (*\$25.00 fee incurred*)

    4. Property needs undergrowth cleared, vegetation must be cleared (brushes, limbs, briars) in area behind house box to determine the change in soil and available septic room for the initial and repair area.

    5. Driveway not shown on site plan

**X 6. Backhoe Pits Required- Call Environmental Health the day of to set up a time to dig pits. (Will require 4' deep pits, 3' wide with a step to get out of the pits. Do not dig pits without speaking to Environmental Health due to checking the weather.**

    7. Other –

Your application will be put on hold until the selected items above have been addressed.

When completed **please call 910-893-7525 ext. 2 to confirm** that the items mentioned have been corrected, we will then reschedule your property for evaluation.
