REPORT

TO: DR Horton

FROM: TME

PROJECT: McKay Place 45

DATE: January 30, 2025

TME arrived as requested to perform Third Party Foundation Projection Inspection. Observed perimeter wall projection and interior pier size and placement to be per plan. Mortar joints consistent with approved plan design and specifications.

It should be noted that minor cracking commonly occurs in construction for various reasons including but not limited to, temperature fluctuations relative to expansion and contraction of materials, concrete shrinkage, changes in moisture content, improper construction, and normal settlement. No warranty is implied for such items by this letter. No performance guarantee shall be assumed. In all cases the contractor is solely responsible for the direction and quality of the work, adherence to the plans and specifications, and scheduling inspections. Only the client or it's designated representatives with written consent may use this document.
