**Re:** Truss Issue

Location: 227 Travelers Way Lillington, NC  
JDS Project No.: RDU2504776  
Date of Inspection: 05/07/25

A representative of JDS Consulting arrived on site to observe the issues reported to us by the client, which are presented, along with our recommendations, in this report.

#### Observations

The client requests an evaluation of the 2x10 that spans over the front porch in front of the front door that (2) D1 roof trusses ledger on to. The 2x10 is toe nailed with approximately (5) nails into stud columns that support the LVL that spans above the 2x10.

#### Recommendations

Based on our on-site observations and review, the 2x10 is adequate as installed; no further action is required.

If you have any questions or if I can be of further assistance to you on this project, please contact me at 984-344-4691.

Respectfully Submitted,  
Patrick Ruff

Reviewing Engineer:  
Kyle Edwards, PE, CWI
