We don't need a revision, that is a private permit. They need to get with the soil scientist that wrote the permit. When they went AOWE it takes the county out of it.

The shift of the house puts the back patio/porch on septic lines. Is this not the County's concern?

We will not need this one sent back to us, we don't make any site visits on AOWE. We don't need any revision.

The latest upload of the As-Built Survey does not match the plot plan in the AOWE.

The customer needs to update their AOWE, correct?

Will there be a \$25 review fee?

Sincerely,

Michelle Myatt
